

DISPLAY FRIDGES

Custom Canopy Range

Borrelli Display Fridges, perfect for take away shops, petrol stations, cafes, restaurants and supermarkets. These are modern, bright and well designed. With the led internal lighting these fridges are stunning.

The display fridge is finished in white with an illuminated canopy ready for your advertising. Fridge features include an integral temperature controller, auto defrost and auto evaporation condensation water tray.

Secure with lockable, self closing doors. The drinks are kept cold with direct fan cooling method keeping the temperature range within a low 0-10 degrees. A low power consumption compared to other commercial units.

Borrelli are known for their strong build and high-end design. These commercial grade units are designed to run continuously. Guaranteed peace of mind with a 2 year on-site parts and labour warranty.

*Extra shelves available
