

MEAT SLICERS

Commercial Range

Borrelli Meat Slicers are designed to work hard day in and day out in a fast paced environment. Ideal for busy butchers, deli's, café's, restaurants, supermarkets, markets and even for home use. It will not let you down.

Capable of heavy duty work this gravity driven semi automatic meat slicer is exceptionally smooth running. With a quiet yet powerful induction motor, the blade can be adjusted for precision slicing control.

Complete with high quality stainless steel blade, built in blade sharpener plus a blade removal ring included as standard, makes this an unbeatably fantastic slicer. This slicer is capable of control thickness of 0mm - 12mm.

Borrelli commercial meat slicers are designed and built for performance, safety, hygiene and reliability. The slicers all comply with the strictest safety standards. Perfect for ensuring efficiency and uniformity.
